THE STYLUS
WRITING IN
THAMES STREET
NEW YORK CITY, N. Y., U. S. A.

Catalog of J. Ullrich & Co., New York, U. S. A.

ESTABLISHED IN 1884

THE success which we have achieved in the manufacture of Stylographic and Fountain Pens, is due not alone to our 30 years of experience in this line, but also to our unceasing efforts to produce thoroughly reliable and attractive writing instruments at moderate prices.

In this our latest Catalog, we have listed a wide range of styles—pens which have proven satisfactorily in every way, and only those for which there is a steady demand. Every pen is as near to perfection as experience and a thorough knowledge of writers' requirements would suggest. The materials are the best obtainable, and the workmanship and finish are of the highest class. All pens are guaranteed to give satisfaction to the user.

MARK.

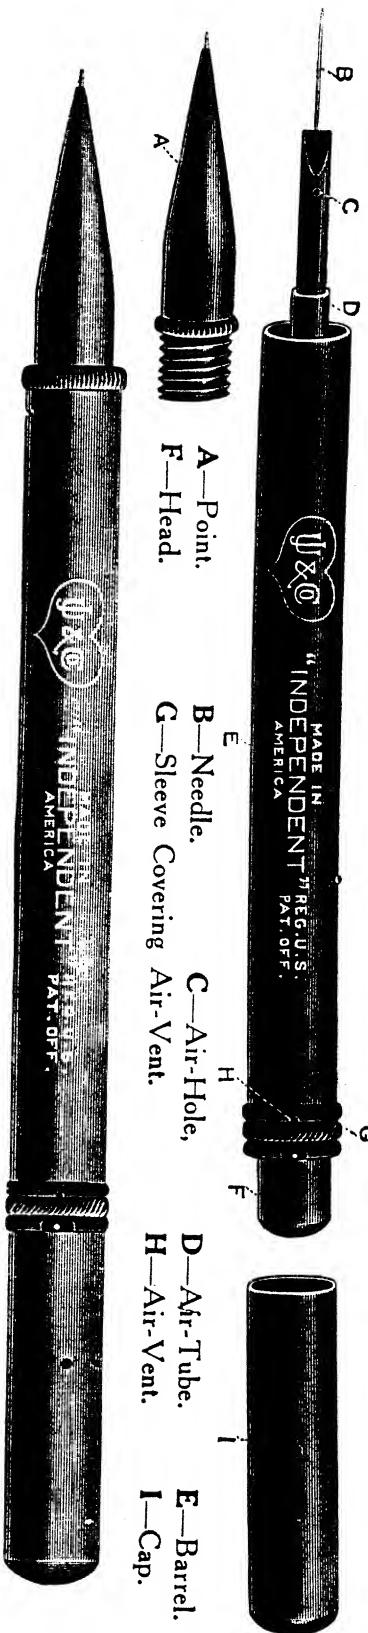

THIS PEN consists of a **hard rubber holder**, tapering to a **round point**, and writes as smoothly as a lead pencil. The **point** and **needle** of the pen are made of non-corrosive new process precious metal, and are not affected by the action of any kind of ink.

The pen holds sufficient ink to write 10,000 words, and DOES NOT LEAK OR BLOT.

As it makes a line of uniform width at all times, it is UNEQUALED FOR RULING PURPOSES. It is especially adapted for manifolding with carbon sheets. Better than gold or steel pens.

Pens Nos. 1, 2, 3 and 4 are furnished in neat paper boxes. Each pen is accompanied with full directions, filler and cleaner.
